

Rubin-LSST Polska 2023

Tuesday 24 October 2023

Block 2 (14:00-15:30)

time	[id] title	presenter
14:00	[40] Paweł Pietrukowicz “ On the management of the POL-NCB program”	
14:20	[51] Chandra Shekhar Saraf “Tomographic cross-correlation studies with LSST survey - testing cosmological models”	
14:40	[41] Lukasz Wyrzykowski “Microlensing events and other transients from LSST and their follow-up”	
15:00	[42] Bożena Czerny “Time delay measurements from LSST spectra and their application for cosmology”	
15:15	[16] Raj Prince “Expectation of Time Delay Measurements in Quasars with Vera Rubin Observatory”
