2nd International Workshop on Machine Learning and Quantum Computing Applications in Medicine and Physics

Thursday 06 June 2024

Quantum computing and machine learning (13:30-14:20)

time	[id] title	presenter
13:30	[24] Quantum Neural Networks: current status and next steps	Mr SUTTER, Tobias Christoph
13:55	[25] Entanglement classification via Neuronal Networks	Mr POPP, Christopher

Friday 07 June 2024

<u>Quantum computing and machine learning</u> (09:00-10:05)

time	[id] title	presenter
09:00	[27] Machine Learning based on quantum or classical systems: a comparison	Prof. HIESMAYR, Beatrix
09:40	[19] Auto Quantum Machine Learning with AQMLator	Dr RYBOTYCKI, Tomasz
