

THE 12TH CONFERENCE OF THE POLISH SOCIETY ON RELATIVITY

2-7 August 2026
Pałac Będlewo, Poland

The 12th Annual Conference of the Polish Society on Relativity serves as a key platform for fostering collaboration and the exchange of ideas among Polish and international scientists working in gravitational physics. The scientific program of the meeting includes mathematical and numerical relativity, gravitational wave science, relativistic cosmology, early universe physics, black hole physics, and quantum gravity models.

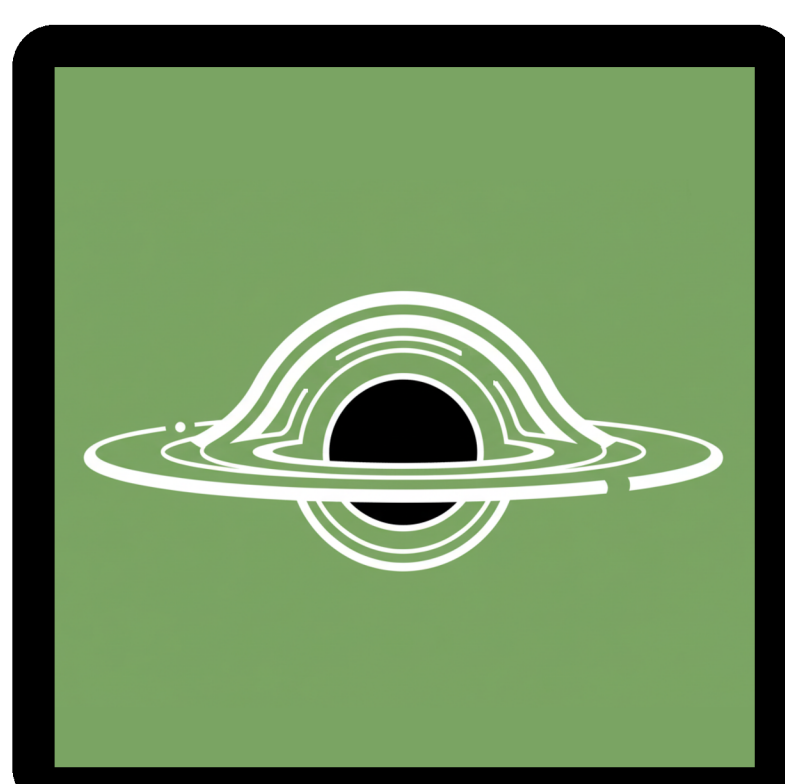

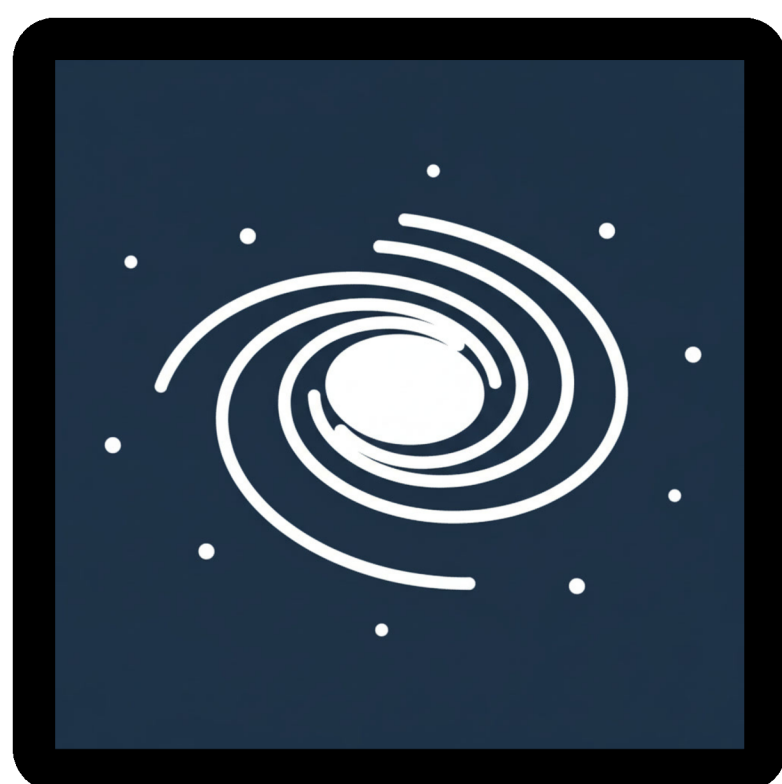

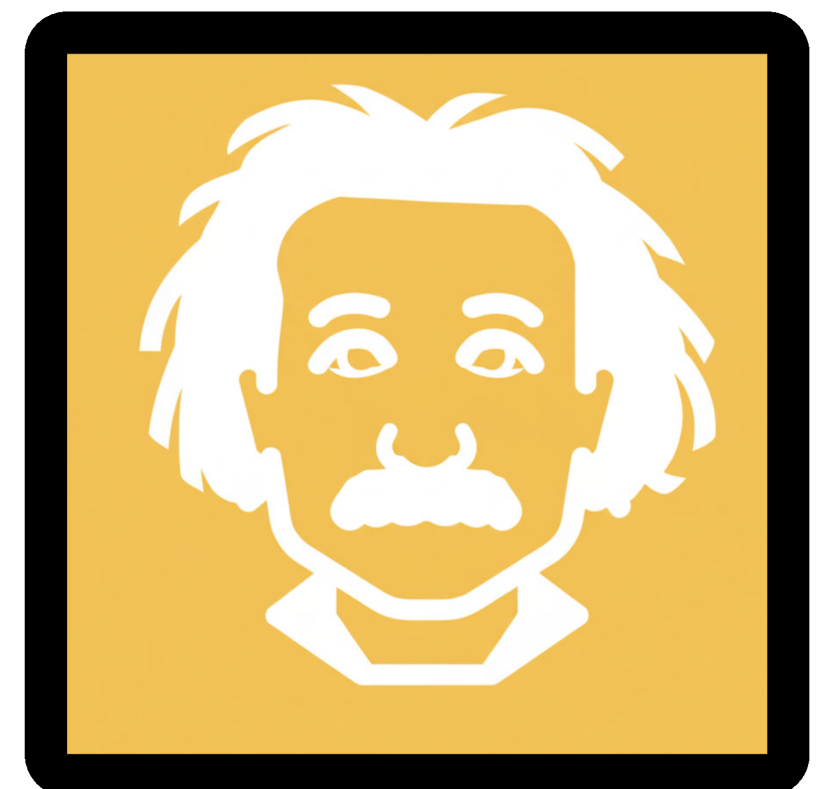

Event organised by the Banach Center Institute of Mathematics PAS.

Scientific Committee:

Andrzej Królak (chair, IM PAN), Marek Biesiada (NCBJ), Piotr Chruściel (CTP PAS), Mariusz Dąbrowski (US), Maciej Dunajski (Cambridge University), Andrzej Gózdź (UMCS), Agnieszka Janiuk (CTP PAS), Piotr Jaranowski (UwB), Wojciech Kamiński (UW), Patryk Mach (UJ), Edward Malec (UJ), Włodzimierz Piechocki (NCBJ), Sebastian Szybka (UJ), Tomasz Trześniewski (UWr).

Organizing Committee:

Andrzej Królak (chair, IM PAN), Aleksandra Pędrak (NCBJ), Włodzimierz Piechocki (NCBJ), Orest Dorosh (NCBJ)
