

International Conference on Free Electrons Laser Applications in Infrared and THz Studies of New States of Matter

Thursday 07 July 2022

Thu 07/07 Morning 1 / Abstract ID - Róza (09:00-10:30)

time	[id] title	presenter
09:00	[55] THz magnetism - terra incognita beyond the conventional approximations	KIMEL, Alexey
09:45	[31] Understanding the microscopic origin of Terahertz conductance in strained polycrystalline graphene	Dr ZANOTTO, Simone
