### Gravitational Waves (16:00-17:30)

-Conveners: **Andrzej Królak; Dorota Rosińska**

time	[id] title	presenter
16:00	[35] Ligo/Virgo observational results	ROSIŃSKA, D.
16:25	[36] The origin of the coalescing compact object binaries	BULIK, T.
16:50	[38] Rotating neutron stars as sources of gravitational waves	HASKELL, B.
17:10	[37] Searching for continuous gravitational wave signals from rotating neutron stars	SIENIAWSKA, M.
